Thomas J. Blocker Summer Scholars Program-2006

Dates: June 10 - July 22, 2006

History: Since its inception in 1974, the Morehouse College Health Careers Opportunity Program has produced over 1000 physicians and 300 dentists.

Overview: The Office of Health Professions at Morehouse College will conduct a rigorous six-week health careers summer program for pre-freshman who have been accepted and plan to attend Morehouse College in the fall of 2006. The major objectives of the program are to improve reading, writing, math.

Sponsor: Students and Parents Responsibility

Eligibility: High school seniors who have applied, been accepted and plan to enroll at Morehouse College and Spelman College in the fall of 2006, are eligible to apply for this program. These students should have at least a 1000/1600 on the old SAT or 1500/2400 on the new SAT or a 22 ACT score, a minimum GPA 3.0, and an interest in a health career. Students must be U.S. Citizens.

Housing: All participants are required to live on campus.

Curriculum: Students will be involved in six courses that meet Monday through Friday. The courses are college Math, English, Problem Solving in Science, College Adjustment, and Contributions of African and African Americans in Medicine and Science. Students may receive Morehouse College credit.

Cost: $2,250.00 covers the cost of room/board and books. May 30, 2006 ($1,000.00 non-refundable) Remaining Fee: $1,250.00 due on or before June 12, 2006

Application Materials: 1. Completed Application and Essay
2. Two letters of recommendation (one from a high school counselor and one from a science counselor)
3. Academic transcripts; minimum GPA 3.0
Deadline: Early application is strongly encouraged. Completed Applications must be post marked no later than April 21, 2006. Applicants will be notified of their acceptance status on or before May 12, 2006

Contact: Mr. Ajit J. Samarasinghe, M.A., Director of the Office of Health Professions, (404) 681-2800 ext.3214

Pre-Freshman Summer Program (PSP)

Dates: June 10 - July 22, 2006

Overview: Program participants can get a head start in their college studies by taking enrichment courses in English, Mathematics, and Reading. A grade of “B” or better in each college credit course is required in PSP to earn credit at Morehouse College. Non-credit developmental courses designed for college preparation are also offered. College orientation sessions on various topics, including making the transition from high school to college, coping with stress, and academic planning are offered. Weekly lectures are held on topics and events significant in the development of black people throughout the African Diaspora, as well as topics and concerns that are of particular interest to African American males. The program provides tours to points of interest in the Atlanta area.

Sponsor: Student and parent responsibility

Eligibility: Students must be rising seniors in high school or students who will be entering college for the first time in the fall; submit the application form, high school transcript, and college entrance examination scores (SAT, PSAT, ACT, or PACT) on or before May 2; must have completed at least four years of English and three years of Mathematics through Algebra II,* and have at least a 2.5 grade point average.

*Rising high school seniors should have completed at least three years of English and two years of Mathematics and meet other requirements listed above.

Housing: PSP participants must live on campus in Brazeal Hall.

Curriculum: Tentative course schedule: English, History, Mathematics (010, 100, 120 or 161), Reading, and Sociology.

Cost: $4,500.00

Ronald E. McNair Post-Baccalaureate Achievement Program

Dates: June 5 - July 28, 2006

Overview: The Morehouse College Ronald E. McNair Summer Research Program is designed to assist Morehouse College students who meet the financial requirements mandated by the U.S. Department of Education, and who are first-generation college students, in preparing to pursue doctoral study in scientific, mathematical and computer science disciplines. The primary goal is to increase the number of Morehouse College students who attend graduate school and pursue doctoral degrees in the areas of biology, chemistry, computer science, engineering, mathematics, physics, and psychology.

The specific aims of the program are to:
1. provide opportunities for research at Morehouse College and other affiliated institutions, such as Emory University, Duke University, Morehouse School of Medicine, Georgia Tech, Clark Atlanta University, etc.;
2. provide instruction in directed research;
3. provide seminars to prepare students for doctoral study;
4. provide tutoring, as needed;
5. employ faculty from the institution engaged in a program of research related activities;
6. provide activities in counseling that will assist students to secure admissions and financial assistance for enrollment in graduate school, including GRE preparation and financial aid workshops.

Sponsor: The U.S. Department of Education

Curriculum: Students participate in a full-time eight-week research project leading to a written final report that is presented at the Morehouse College Ronald E. McNair Summer Research Symposium. Scholars gain summer research experience in a university, governmental or pharmaceutical laboratory. McNair Scholars will participate in a five-hour per week enrichment course which assists students in a successful graduate education.
Eligibility: Students must be rising juniors and seniors who attend Morehouse College and are interested in receiving a Ph.D. in biology, chemistry, computer science, engineering, mathematics, physics and psychology. Applicants must be in good standing with the institution with at least a 2.5 GPA.

Housing: Room and board is provided for those scholars who choose to reside on-campus.

Cost: There is no cost to participate in this program. Scholars will receive a $2,400.00 stipend an on-campus housing for conducting research for eight (8) weeks.

Project GRAD Atlanta

Dates: June 5 - June 30, 2006

Overview: GRAD Atlanta is a research-based school/community collaborative project designed to achieve whole school reform. The goal of GRAD’s Summer Institute is to improve the overall quality of student academic performance, increase the number of high school graduates and increase college attendance among those graduates. To achieve this goal, the Summer Institute will prepare students in GRAD high schools for the upcoming school year through academic curriculum, SAT preparatory courses and success skills training.

Sponsor: Project GRAD Atlanta and the Atlanta Public School System.

Eligibility: Students in GRAD high schools who maintain a 2.5 GPA, are taking college preparatory courses and are college-bound are required to attend two summer institutes. Graduates will receive up to four years of scholarship support.

Housing: Project GRAD Summer Institute is a commuter program.

Curriculum: Algebra, Geometry, Language Arts, Chemistry, Biology, Social Studies, SAT Preparation and Success Skills.

Cost: Free

Application Materials: Completed Summer Institute application by students currently enrolled in a Project GRAD Atlanta feeder school.

Intensive Spanish

Dates: June 2 - June 27, 2006

Overview: This one-month total immersions Spanish Language Program satisfies the requirement for one year of foreign language at the intermediate level. The program is limited to 18 AUC students. Students will be housed at Morehouse College, and all activities, both inside and outside the classroom, for the period of the program will be conducted in Spanish.

Sponsor: Mellon grant

Eligibility: AUC students whose application, letters of recommendation, past grades and interview indicate a high level of past achievement in first-year Spanish and the commitment necessary for success in a total immersion program.

Housing: All participants are required to live on campus and have all meals with the program. Spanish-speaking teaching assistants will be assigned to residence halls of participants to maintain the total-immersion environment.

Curriculum: In addition to the Spanish 201 and Spanish 202 curriculum, outside speakers, Spanish language films and local Spanish language cultural activities will be included.

Cost: There is no cost to participate in this program.

Application Materials: 1. Completed Application
2. Two Letters of Recommendation (one from a Spanish teacher)
3. Official college academic transcript
4. Official high school academic transcript with Spanish grades (if no college Spanish grades are available)
